WPRS DAISEY Report Guide

Triple P Benchmark Report

Purpose of This Report

The WPRS Triple P Benchmark Report tracks the trajectory of all client-level Triple P participants in DAISEY. This report should reflect sites' client-level program outcomes both overall and broken down by program type. This data is displayed as a series of stacked bar charts displaying which active clients meet or do not meet the criteria for completing various outcome benchmarks, which are tied to a client list showing the Name, DAISEY ID, and Enrollment Date(s) for that client. The report currently does not include any environment-level data or Nurturing Parenting data.

Who is counted in this report – who is 'Active':

The Triple P Benchmark Report counts any participant who is 'active' in a particular program within the selected date range, defined as the participant having:

- ✱ An All Program Enrollment form for a given program with a Date of Activity on or before the End Date, and
- ✱ A Session Form with a corresponding program with a Date of Activity on or after the Start Date

The counts found in these reports are *unduplicated*, meaning each DAISEY profile will only be counted once in the report for the selected date range. Note that a client may still have multiple enrollment dates listed within the selected date range.

Using the client list in this report:

The client list will default to showing all active clients in the selected date range, but selecting a segment from any of the benchmark bars will filter the table to show only clients counted in that segment (see figure 1):

Figure 1: Selecting the segment from the 'All Programs: Outcome 1' updates the client list to show those clients who meet the criteria for that benchmark:

Clicking the selected segment again will reset the client list to its default view.

Filters used in this report

The WPRS Triple P Benchmark Report uses the following filters to allow users to modify the data displayed on the reports (see figure 2):

- ✱ Start and End Date: This will limit data displayed in the report to only show profiles who are 'active' in the date range (as defined above)
- ✱ Organization Name: This is for users with access to more than one Organization to allow them to filter down to the specific organization's data they wish to see
- ✱ Program: This will filter the report's data to show the selected program(s)
- ✱ Funding Source: This will filter the report's data based on the selection of 'Funding Source' on the All Program Enrollment form

Figure 2: Filter Menu for Triple P Benchmark Report

Start Date 7/1/2025	End Date 6/30/2026	Organization (All)	Program (All)	Funding Source (All)
------------------------	-----------------------	-----------------------	------------------	-------------------------

Dashboards in This Report

Each dashboard in the Triple P Benchmark Report represents a specific grouping of program levels:

- ✱ Dashboard 1: General Performance
 - All Triple P program levels
- ✱ Dashboard 2: Level 2 Seminars, Level 3 Discussion Groups, and Triple P Informed Workshops
 - Level 2 Seminar
 - Level 3 Discussion Group
 - Level 3 Teen Discussion Group
 - Level 3 Workshop
 - Stepping Stones Seminar
- ✱ Dashboard 3: Level 3 Discussion Groups, Level 3 Primary Care, and Level 2 Seminars
 - Level 2 Seminar

- Level 3 Discussion Group
- Level 3 Primary Care
- Level 3 Teen Discussion Group
- Stepping Stones Primary Care
- ✱ Dashboard 4: Level 4 Group and Level 4 Standard
 - Level 4 Group
 - Level 4 Standard
 - Level 4 Standard Teen
- ✱ Dashboard 5: Level 4 Baby
 - Level 4 Baby
- ✱ Dashboard 6: Level 5 Enhanced, Family Transitions
 - Level 5 Enhanced
 - Level 5 Family Transitions
 - Level 5 Pathways
- ✱ Dashboard 7: Family Summary
 - All Triple P Program Levels

Benchmarks in This Report

The Triple P Benchmark Report tracks a number of benchmarks, some of which are repeated across more than one dashboard. These benchmarks and their placement in the report are as follows:

- ✱ All Programs: Outcome 1 – Percent of adult participants registered during the contract year with 3 or more activities.

Criteria:

- Participant is 'Active' (as defined above) in selected date range
- Participant has at least three Session Forms with a Date of Activity within the selected date range

Appears on:

- Dashboard 1: General Performance

- ✱ All Programs: Outcome 2 – Percent of families in services during the contract year that successfully complete the program.

Criteria:

- Participant is 'Active' in selected date range
- Participant has at least one Session Form indicating a 'Successful Practitioner Discharge'

Appears on:

- Dashboard 1: General Performance

- ✱ All Programs: Outcome 3, Indicator 1 – Percent of adult participants that complete a pre-PAFAS within 30 days of program registration.

Criteria:

- Participant is 'Active' in selected date range
- Participant has a PAFAS marked as a 'pre' assessment with a date of activity between on or within 30 days after the date of activity of a corresponding All Program Enrollment form

Appears on:

- Dashboard 1: General Performance

- ✱ All Programs: Outcome 3, Indicator 2 – Percent of adult participants that complete a post-PAFAS within 3 months of program completion.

Criteria:

- Participant is 'Active'
- Participant has at least one a PAFAS marked as a 'pre' assessment with a date of activity between on or within 30 days after the date of activity of a corresponding All Program Enrollment form

Appears on:

- Dashboard 1: General Performance

- ✱ Curriculum Specific (Seminars, Discussion Groups, Workshops): Outcome 1, Indicator 1 – Percent of participants that complete a satisfaction questionnaire.

Criteria:

- Participant is 'Active'
- Participant has completed the corresponding Satisfaction Survey within at least one of their program enrollments in the reporting period

Appears on:

- Dashboard 2: Level 2 Seminars, Level 3 Discussion Groups, and Triple P Informed Workshops

- ✱ Curriculum Specific (Multiple Program Levels): Outcome 1, Indicator 1 – Percent of participants that complete a pre-PAFAS (or for Level 4 Baby: a DASS) within program.

Criteria:

- Participant is 'Active'
- Participant has a PAFAS marked as a 'pre' assessment (or for Level 4 Baby: a DASS) with a date of activity that falls within the enrollment period

Appears on:

- Dashboard 3: Level 3 Discussion Groups, Level 3 Primary Care, and Level 2 Seminars
- Dashboard 4: Level 4 Group and Level 4 Standard
- Dashboard 5: Level 4 Baby
- Dashboard 6: Level 5 Enhanced, Family Transitions

✱ Curriculum Specific (Multiple Program Levels): Outcome 1, Indicator 2 – Percent of families in services during the contract year that successfully complete the program.

Criteria:

- Participant is 'Active'
- Participant has at least one Session Form indicating a 'Successful Practitioner Discharge'

Appears on:

- Dashboard 3: Level 3 Discussion Groups, Level 3 Primary Care, and Level 2 Seminars
- Dashboard 4: Level 4 Group and Level 4 Standard
- Dashboard 5: Level 4 Baby
- Dashboard 6: Level 5 Enhanced, Family Transitions

✱ Curriculum Specific (Multiple Program Levels): Outcome 1, Indicator 3 – Percent of participants that successfully discharge, complete a satisfaction survey during program, and a post-PAFAS (or for Level 4 Baby: a subsequent DASS) within 3 months of program completion in services during the contract year that successfully complete the program.

Criteria:

- Participant is 'Active'
- Participant has at least one Session Form indicating a 'Successful Practitioner Discharge'
- Participant has completed the corresponding Satisfaction Survey within at least one of their program enrollments in the reporting period
- Participant has completed a PAFAS marked as a post-assessment (or for Level 4 Baby: a subsequent DASS) within 3 months of the discharge date indicated with a 'Successful Practitioner Discharge'

Appears on:

- Dashboard 3: Level 3 Discussion Groups, Level 3 Primary Care, and Level 2 Seminars
- Dashboard 4: Level 4 Group and Level 4 Standard
- Dashboard 5: Level 4 Baby

- Dashboard 6: Level 5 Enhanced, Family Transitions

Using This Report with the Activity Checklist Report

The Triple P Benchmark Report is intended to reflect organization-level Triple P programming administered at your site, but if the results do not match expectations, the WPRS Activity Checklist Report is the first and best option for investigating further. The Activity Checklist report tracks participant program completion at the enrollment level, meaning users can track every step of form completion, discharge status, and other helpful information that can help to identify and correct potential data issues.

A New, Improved Summary Dashboard

This report also features a dashboard originally found on the WPRS Demographics Report: the Summary Dashboard. This dashboard was moved to the Triple B Benchmark Report to provide a more consistent approach to how participants and enrollments are counted, and also to address some logical issues in the previous version of the dashboard that led to a significant under-counting of data. This too is intended to provide sites with a high-level overview of their client level Triple P programming.
